Coming Soon

Brand Menu Management
Unified menu management in the Management Center is coming up in order to optimize the way you set up your business and achieve consistency on a Brand level.

Store Group Assignment
Assign users to a Store Group in the Management Center, in order to easily manage the case when multiple users need access to the same set of stores.

Xenial Cloud POS integration
A new POS integration will be added soon as we continuously work on the expansion of available systems that seamlessly integrate with our portfolio.
